STUDIO

A composite image featuring a person's hands interacting with a laptop and a tablet. The laptop screen displays a website with the word 'SIMPLICITY' and navigation links. The background is filled with several camera lenses, creating a bokeh effect. An orange semi-transparent box contains text about the company.

## ABOUT US

**We take pictures that capture our clients vision. We make videos that influence and sell.**

Since 1998 we have been working hard to help our clients achieve their marketing and advertising goals by providing them with effective visual communication solutions that impact their target audience and elevate their brand image.

## PHOTOGRAPHY

It's no surprise that brands value the power of images as customers are wired to notice, remember and respond emotionally to visuals. We ascribe to the idea that images help build a love affair between brands and target users.

With high quality and vibrant images our hi-impact advertising photography help power your brand. These images speak directly and fluently to your market in a way that will resonate with them – you gain their loyalty and bring you more business.

We are well equipped and we are always ready to take on any assignment whether in the studio or on location, rain or shine, day or night.

## VIDEO PRODUCTION

We deliver videos that breathe life into brands so that they have a bigger story to tell. If you have not embarked on a video marketing campaign chances are you will be left behind. Incorporating video and audio elements in advertising – whether in-store or online - engages viewers and encourage them to experience your product or brand with a strong call to action.

At PixelPro we provide fresh and innovative visual solutions – from conceptualization to delivery – that will give your product or brand the opportunity to connect with target customers in a personal way. Utilizing this strategy helps you build deeper and more personal relationships with your current clientele and help you draw in new customers.
